MATON SOLID BODY ELECTRICS

FYRBYRD 12/20 12-STRING GUITAR

FYRBYRD 6.50 6-STRING GUITAR

LEADERM AN 725 G-STRING GUITAR

Maton range. Big full sound and recommended as a lead instrument. The slim neck is a revelation, yet twelve strings are handled as easily as six on this wide classic style fingerboard. The Maton Truss Rod Control* leaves no problems of warp or bending due to the extra tension of strings. Three adjustable "magnametle" high flux pickups controlled by separate slide switches. Exclusive Bass Expander and Treble

Another first in the "broad line"

controlled by separate slide switches. Exclusive Bass Expander and Treble Extender controls for new dimensional sound. Master volume control. Maton Micromatic Bridge. Bigsby Tremolo Arm. Scale 25 ½ ".

Solid chrome plating. Complete with leather shoulder strap.

COLOURS AVAILABLE: Sunburst, Autumn Red, Jungle Green. Additional colours 5% extra. Complete in deluxe Plywood, plush-lined case.

Exceedingly wide range sound for professional work. Fully contoured double cutaway body lines. Slim section Rock Maple neck fitted with the Maton Adjustable Truss Rod Control*. Exclusive design machine head for easy tuning and flowing style appearance. Low touch type string action and frets. Three adjustable "magnametle" high flux pickups by Maton. High fidelity sound over the complete range with power to spare. Trou ble free individual pickup switches. Exclusive Maton Bass and Treble controls, a new exciting dimension in guitar sound. Perfect intonation with Maton Micromatic Bridae. Bigsby Tremolo Arm. Hardware beautifully plated. Complete with sol id leather shoulder strap. Scale 25 1/2 ".

COLOURS AVAILABLE: Sunburst, Autumn Red, Jungle Green. Additional colours 5% extra. Complete in deluxe Plywood, plush-lined case.
